

Best of 5 Island Fishing Safari 21.11. - 04.12.13

21.11.13

Arrival at Bali. Transfer to Parigata Resort at Sanur for 2 nights with breakfast. Depend on the flight time, we go to fishing shop to buy any items of your needs. If too late arrival, the next day we have the full day for shopping.

22.11.13

After breakfast, if you like we can go to tackle shop to buy any gear you may still need for this tour, if not relax and I can check your tackle if you need. At Bali many items are cheap. To avoid any luggage problems you can pre order with me any kind of metal Jigs, Poppers and other stuff as well. So you can receive the items at Bali. So you will not have a problem for your long distance flight with over luggage. For the domestic flight you have 15 kg free, any more than that you have to pay extra but only very small money, about 1 kg 1 Euro. If you have in the end of tour many Jigs left which you have not used and you cannot bring them back with you, than it is possible to give those Jigs back to the fishing shop. After booking I can send you a detail list with items which can be pre ordered.

23.11.13

At the morning at about 11:00 h flight to Sumba (Waingapu Airport) ca. 1 h. Arrival Sumba, Transfer to the harbor, Check In at the Safari Ship. Than start direct drive to the South of the Island. On the way we will set up all our tackle and if you like you can also trolling on the way, 6 rods can be trolled at the same time form the mother ship. At the next morning we can start fishing from the tender boats. We have 4 tender boats with us, so this is the main fishing for Popping & Jigging form the tender boats. The good thing is that we have many fishing h each day. At the early morning fishing start, than have a lunch break, if we like to change location we use lunchtime for the drive with mother ship. At afternoon we can fish new location as well for the night if someone like to fish the night. Like this our fishing cruise will continue for the next days. If we change our location from one to the other we have no longer transfers than 3 to 4 h, so we get a lot of fishing h. Only when we change from 1 Island to the other we will do over night drives to save the fishing time! We will fish only the best spots which we found on our first trip in 2012, so we know now where the really big ones are waiting for us. Some of the top spots at east Sumba the 3 Savu Island which are very exposed in the middle of the sea between Sumba and Kupang as well we will fish some hot spots of the Rote Island and fly back from Kupang. This areas are so good as none fished by sport fisher. But we know already that in this area are many and big fishes. As well some small Islands, Pinnacles and under water reefs, and drop offs are on our way. So everyone how like to join this tour should know that this tour is something really special. As well everyone should have a very good team feeling and should be polite and helpful to each other, this is the grant for a good and safe tour. So you will need Jigging and Popping tackle in heavy class, in case you like trolling too you should bring one set as well. More details after booking. At sep. att. you find many maps with details about the area we like to fish. Tour can be always changed depend on weather!

23.11.13 to 03.12.13

Fishing cruise for 11 days with full board and soft drinks (only alcohol and isotonic drinks must pay)

Note now is 11 days before it was always 10 days tours!!!

The sea maps about this tour you find at the sep. attachment. This is a ca. planning the fishing spots can be changed up to our needs, we will talk always about the next day program.

2 Fish at 1 Popper

03.12.13

At the morning after the last breakfast on board check out from the ship and transfer to the airport fly back to Bali. Arrival at Bali transfer to Parigata Resort for the last night. Now you still have much time for shopping, if someone need to give back Jigs to the fishing shop, we will go there, or you can relax or go for a massage to get lost all the pain.

04.12.13

Transfer to the airport in Bali and fly back to your home. End of tour, see you next time!

Info
Best of 5 Island Fishing Safari
Fishing with Renee

Hello Fishing Friends,

for Nov. – Dec. 2013 I have set up a new fishing cruise to exposed Islands. We will fish only the best spots which we found on our first trip in 2012, so we know now where the really big ones are waiting for us. So everyone should know that not all the time everything can be 100%, but how know me will know that I always try to do my best to have a good and safe trip.

So we need fisherman how know the challenge to test new sport fisher areas, with a good team thinking. So I hope that you are the one who like to be in this team.

We will start fishing the south of Sumba Island and will fish as well the 3 Savu Island and some of Rote Island and fly back from Kupang!

For this tour there are only 10 spots left, because I myself already have occupied one, so if you sure want to have the chance to join this tour sent me very soon your booking form.

The booking form with the prices you can find at the next page, the form you can fill out at your PC just click at the blue fields and fill it out. After print it, signee it and scan it in and sent it back to my e-Mail, so you can be sure that you will get a spot. I will confirm it to you and sent you later one a invoice. A deposit of 20% has to be done after you get the invoice and 6 weeks before the trip start the rest payment has to be arrived at my Bank.

After booking you will get later one further info about the tour what to bring and how to pack....

So now I wait you feed back and until than all the best!

Sunny greetings from Bali,

Renee

Roger Tours Fishing Team
